## EXPERIENCE

- 2012 - UX Program Manager II, Microsoft** *Redmond, WA*  
**2016** 3D User Interface Design. Led projects through brainstorming, design, prototyping, user research, development, testing, and instrumentation. Shipped the Holograms application and core user experiences, including multi-tasking, for the HoloLens Developer's Kit.
- Program Manager Intern, Microsoft**  
Developed a web application to collect data measuring search query intent from human judges. Presented a technique that costs 60% less than the existing method. Shared results and code with interested development teams.
- 2011 Graduate Research Assistant, Georgia Institute of Technology** *Atlanta, GA*  
Worked on projects in the Augmented Environments Lab, including an AR Minecraft prototype, an AR art installation, and the Argon AR web browser's website. Roles included both prototyping and implementation of augmented reality experiences using open web technologies.
- 2010 - Web Developer, T3** *Austin, TX*  
**2011** Created interactive web projects for clients including Windows Phone, UPS, and Chase Bank. Designed and implemented interactive forms for the HR department and the new business team.
- 2009 Web Developer Intern, Maxxor** *Cape Town, South Africa*  
Researched and implemented a new direct mailing system for multiple clients, and created a new website for a small business client. Performed maintenance tasks on MSSQL databases and worked on the frontend of <http://www.destinyman.com/>.
